

BRITISH FOOD

Figure 1@SouthLondonClub.co.uk

Borough market history goes back over 1000 years, essentially it was a farmer's market in 1014 and still is the most famous and prestigious market in South London full of artisan foods, homemade goodies, delicious street dishes and fresh produce. The market has a unique layout with sprawls through a maze of narrow passageways, so you could easily get "lost" as you walk around. Enjoy the sights and smells of the market, everything from traditional British produce to international culinary delights.

WALK HIGHLIGHTS

This tour will lead you through the world-famous Borough Market, where people from all over the world eat and drink.
